KG1 Highlights

Despite being online, KG1 has done an incredible job! We are so very proud of KG1 students and very thankful for all the support at home. There have been so many highlights this year. We have been so proud of our students for sharing about their weekends, telling their friends about things they like, listening and participating in class discussions and videos, using their manners and sharing their feelings. The most exciting part of this year was the learning that went on. KG1 students have worked so hard and have been meeting the expectations as if they were in the classroom. We couldn't be more proud of our KG1 students. They have adapted to learning online and have worked so incredibly hard. They have been showing up everyday, staying on screen, and completing their activities. We have a lot of fun in KG1, we are always dancing and singing, clapping and cheering for our friends and making sure we have the best day possible. Teaching online has had its challenges, but having such an amazing group of students and supportive families has made this school year a huge success.

The Health Ministry announced that any person over 65 years can receive the COVID-19 vaccine without booking an appointment

Lights on some of our sunshine
