## Music Teacher Message

**Hello BIS Musicians!**
**Our BIS students have creativity that wows me every single day.**

**My students in all grade levels have worked hard in this first semester to discover new concepts and styles of music. They have explored rhythm, beat, genre, form, composers, and composition. Students have worked on mini projects and engaged with in-lesson activities to expand their music abilities and understanding.**

**In our second semester, students will continue to build on the skills that they have been developing through their years in music class so far. They will explore more independent work on zoom by working on mini projects that include some math and literacy skills as well. Music is a cross-curricular subject and has strong ties with language learning and basic math skills. I want to encourage my students to find those real world connections within their creative abilities.**

**I am encouraged every day by the strength and resilience that our students have to grow, learn, and create during these trying times. I hope that music can be cultivated as an outlet for expression at BIS. I am blessed to teach each and every one of the students here.**

## Photo Wall

**If you would be so kind as to send a photo of your child(ren) to the school during the next Pick-Up Parade we would be most grateful, or you can also send it to kges@bis.edu.kw . We are making a photo wall in the front foyer and would like to have your child's (ren's) photo on the wall.**
