KG Message

KG1 has excelled in E-Learning with Zoom this year. Students adapted quickly to this new style of learning with family support at home.

In literacy, students are learning to name letters, learning the letter sounds, and vocabulary words for the letters. KG1 students are learning a letter a week by listening to read aloud, watching videos, and singing letter songs. KG1 teachers use letter cards and teach letter formation using the Get Set for School resources.

In math, students are learning about shapes, numbers, and colors. KG1 students are able to name and identify shapes on the teaching cards, and also by finding shapes in their home environment. When learning numbers, KG1 students are counting orally and identifying numbers. KG1 celebrates color days every Thursday and has Show & Share during the Color Party.

KG1 students have been able to complete assessments in breakout rooms, and will be starting small group work with the help of the KG1 Educational Assistant. Friendships are starting to form and students are talking more in class and to each other during break times.

Overall, it has been an amazing start to the school year. Teamwork makes the dream work, and the KG1 teachers are immensely grateful for the incredible support at home. Students and teachers are having a wonderful time learning together online.
