# MS/HS WEEKLY NEWSLETTER

**7 October 2021**

*2021-2022 Issue 7*

**Assist Principal Message:**

Dear BIS Community,

I'm pleased to report that middle and high school students are adjusting well to in-person learning. They're practicing the BIS good habits and expectations and are adhering to the ministry's health and safety guidelines. In addition to participating in PE classes, students next week will have access to the science and computer labs on campus. We appreciate your support and flexibility as we strive to maximize each student's educational experience.

A friendly reminder, please complete the MyMedBot health application every morning before school. Monitoring student health each day is essential, as we must provide the ministry with a daily record of temperature checks. A big shout out to Grade 9B for being 100% compliant!

On October 12th, middle and high school staff will participate in professional development workshops to best serve our students. To enhance technology integration at BIS, I'm excited to host an information session for all staff interested in becoming Google Certified Educators. Please note that Tuesday, October 12th is an early dismissal day and students are to be picked up at 11:50 am at Gate 2.

Have a great week!

Thanks,

## COUNSELOR CORNER:

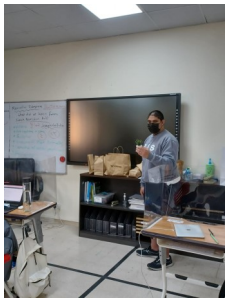

COUNSELOR'S CORNER

As we return back to a full schedule of in-person learning, don't forget to set healthy daily routines to help you be successful! Tips for good daily routines are:

⇒ Set an appropriate bedtime to ensure a full 8 hours of sleep.
⇒ Have a healthy breakfast every morning before arriving at school to fuel your body for the day.
⇒ Set aside homework/review time & place every afternoon at home to keep up with assignments.
⇒ Set aside fun activities/break time at home to decompress from school.
