MS/HS WEEKLY NEWSLETTER

18 November 2021

2021-2022 Issue 13

Assistant Principal Message:

Dear BIS Community,

The Council of International Schools (CIS) is conducting a virtual accreditation visit this week to provide us with valuable insights into our K-12 educational program. Your participation and support has contributed immensely to the progress we've made in the middle and high school in recent years.

Last week, all middle and high school staff members participated in a variety of engaging professional development sessions to impact teaching and learning. Proudly, Mr. Adi became our first MS/HS teacher to earn the Google Educator Certification!

BIS also hosted a university planning event for our grade twelve students interested in studying in the U.K. The seniors are finalizing their college lists, preparing for the IELTS, and drafting their personal statements. We wish them the best of luck during the college application season and will keep you informed of their acceptances!

Lastly, this week is international week at BIS. Students are actively researching different countries and learning about their history, culture, food, and language. International week offers students a fantastic opportunity to learn the importance of global citizenship and serving in their local community.

Let's make it a great week!
Mr. Rob
