Earth Day at BIS

Every year, Earth Day is celebrated on 22nd April at BIS to remind the students of their duties towards "Nature". Earth Day was celebrated through educational and action-oriented activities that were fun. Students decorated chair, original art, and animal planters from recycled bottle caps, cans and bottles. This can be a great way to get kids active in doing "work" that really makes a difference and can also help educate the community.

KG2 Promotion Ceremony Photos

This year's Kindergarten Promotion will take place on Thursday, May 30 at 10:30 am in the school and parents are invited to attend. A commemorative pack of promotion photographs of each student in their caps and gowns will be available to order at a cost of KD 4. These packs will be ready for distribution to the children with their final report cards. **Please have your child wear a white shirt and black shoes on Monday, April 29 in order to take individual and group photos.**

Last month CIS (Council of International Schools) came to visit BIS as we applied for membership, which is our first step of the journey towards becoming internationally accredited. Dr. Zak is pleased to announce that BIS has been formally awarded membership. As a member school, we will soon have access to other CIS services for schools such as CIS International Accreditation, CIS Global Citizenship Certification, and Educator Recruitment. We are very proud of this accomplishment and thank the entire BIS community for continuing to strive for greatness.
