Welcome to Al-Bayan International School!

We are pleased that you have selected BIS as your school of choice. The possibilities that lay before our school this year are very inspiring. Whether you are new to BIS or have been part of our school community for some time, please accept my personal invitation to join us as we prepare our students for the future.

Respectfully,

Dr. Zak Palsha
Director

Good afternoon,

Welcome to BIS. We trust that you have enjoyed the last few weeks as we opened our school year. BIS has developed core values that we hope to instill each day as you enter our campus: commitment, respect and self-discipline. These values along with our good habits: persistence, thinking flexibly and striving for accuracy provide our students with the support they need for their academic, social and emotional development.

Respectfully,

Mr. Kandas Botha
Principal
