MS/HS NEWSLETTER

28 September 2022

2022-2023 Issue 3

Principal Message:

Hello Families,

It seems like the weeks are flying by. We are halfway through our first quarter of school, and students are settling into the routines of learning.

A few highlights from this week include our leadership students working with elementary peers and the PTA hosting their first fundraiser. Leadership students got to work with elementary students in team building and mentorship. We have included some photos of them making straw towers together. Also, the BIS PTA sponsored jersey day and popcorn sales on Tuesday. The PTA is a great way to support our students and sponsor fun learning activities. Please consider following them on Instagram @bispta and joining them as they help us with our school activities.

We are excited to begin our Positive Behavior System this week. Students will receive recognition from their teachers for upholding the BIS common expectations and good habits. Parents will receive emails that their students are doing great things, and students will be selected for rewards. Homerooms will also be winning celebrations quarterly for appropriate behavior and habits.

Also, next week we will begin MAP testing. MAP testing is an important way for us to check the academic growth of your child. We use the data to set goals and personalize our educational programming. Please be sure your student is in attendance all next week so they participate in this important assessment. Also, be sure they are getting plenty of rest and eating a good breakfast.

BAYAN MENU-2022

Finally, I am pleased to announce that Danish Bakery is now operating canteen services for middle school and high school students. Students may purchase lunch items in the kitchenette by the ground floor playground. A menu is included in the newsletter. Danish Bakery accepts cash and KNET.

Thank you for coming out to make our Open House successful last week. It was great meeting so many parents. I look forward to working with you throughout the year.

As we head into flu season, the Ministry of Health has announced that vaccination for influenza and pneumonia are now available. Vaccination is available for anyone over the age of 6 months. It is important for students to get their flu vaccination to decrease the spread of colds and flu throughout the school through the winter months.

Appointments can be booked at the link
