## Message from the Director

Welcome to the Al-Bayan International School Community,

It is my pleasure to welcome you to one of the finest educational institutions in Kuwait. At Al-Bayan International School it is our mission to prepare students to lead successful lives as global citizens. As parents, selecting a school for your child is one of the most important decisions you will make. This September we open our doors to students and their families, and we are deeply committed to ensure that every day, each and every student receives the extraordinary care that is the promise in our mission statement.

Our students benefit from an American curriculum program that is designed to best meet each student's individual learning needs. All students participate in a busy academic program, as well as having opportunities to participate in a variety of extra-curricular activities. Students who attend BIS compete successfully with other students in the world. In addition, they exhibit strong character, leadership, and resiliency, and show compassion for others. We are committed to ensuring that BIS students not only get a personalized education, but also a life changing experience!

This handbook outlines our policies, programs and guidelines. It describes the rights and responsibilities of the school, staff and parents. Our teachers will discuss this booklet with their classes. Please review this booklet with your child and should you have any questions, please stop by the school and meet with Mr. Kandas Botha, our Principal.

I am honored to lead BIS, and I am fully confident that through the commitment, courage, collaboration and the dedication of our staff; the tenacity of our students; and the support of parents and the surrounding community, we will seize every opportunity for the advancement of our students.

In Partnership,

Dr. Zakariya S. Palsha  
Director

## Message from the Principal

Dear Students,

Welcome to Al-Bayan International School. We look forward to welcoming each of you to our school. You can expect guidance and support from the teaching staff to ensure you reach your academic potential. Our goal as teachers is not just to impart knowledge, but to ensure that you become critical thinkers and active problem-solvers so that you are prepared for the world outside of school.

Our aim at BIS is to not only focus on academics, but to develop you as a whole person. I would like us to focus on certain values (self-discipline, respect and commitment) and good habits (persisting, striving for accuracy and thinking flexibly). A more detailed explanation of these values and habits can be found on page 9.

It is of vital importance that every student at BIS feels safe and happy at school. This can be only be achieved if students and staff know exactly what is expected of them. The purpose of this Student Handbook is to make it clear what is expected of every student.

I am truly excited about the opening of our new KG - Grade 4 sections and would like to welcome you again to BIS. Wishing you a successful year!

Yours sincerely,

## Message from the KG and ES Coordinator

Dear Students and Families,

It is with great excitement that I welcome you to Al-Bayan International School. As a world-class educational institution, we are devoted to supporting the academic and social growth of all students. We believe that **all** students are capable of success. Additionally, it is a part of our mission to provide an environment where we can focus on both the individual needs of each student and the collective needs of our entire school community to ensure every student's success.

Our team consists of carefully selected individuals who are passionate about teaching and learning and who are committed to working as a team, alongside you, to provide a rigorous academic program that encourages and grows critical-thinkers, problem-solvers, and effective communicators. Each day, all students will engage in intentionally planned learning activities that will help prepare them for their futures in and out of the classroom.

At BIS, we will focus on developing your student's growth mindset through setting individual goals and creating a plan to achieve those goals. One way that we will accomplish this is by focusing on exhibiting our core values: self-discipline, respect, and commitment and our good habits: persisting, striving for accuracy, and thinking flexibly.

I am looking forward to working with you to ensure a successful year in our KG/ES programs

Respectfully,

*Ms. Catie Bartley*

### 3. Student Code of Conduct and Positive Behavior Acknowledgements

The Student Code of Conduct sets out the standards of behavior expected of students at BIS. The Code of Conduct is designed to **protect and guide** you rather than to punish or threaten you. It serves as a gauge for **fair and reasonable actions** to guide the daily functioning of the school as it aims to provide a **clear and defined** explanation of your expected behavior. The Code of Conduct spells out the implementation of **consistent consequences** by **all staff** in the event of infringements, thereby creating a feeling of security amongst the students.

#### Purpose

The purpose of the Code of Conduct is to provide an environment for the delivery of quality teaching and learning through positive reinforcement by:

- In case of sore eyes or redness with tears, parents will be contacted to fetch the student from school and take him/her to a doctor to rule out contagious eye infections. The student will only be allowed back at school with a doctor's note clearing him/her of any infections.
- In case of illness and infectious diseases such as chickenpox, measles, etc., a student may not attend school without a doctor's report indicating that the child is cleared to attend school again.

## **Weather Safety**

### **Air Quality Index**

There are times of the year when we experience poor air quality. To ensure we provide a safe environment for our children we will have daily AQI checks by the central office using Kuwait City US Embassy Air Quality station. The necessary action will be communicated by the central office school wide when applicable. If there is any doubt, the Principal will make the decision as to whether or not students may go outside.

### **Hot Weather**

BIS will ensure that such weather does not negatively affect the students by providing air conditioning units in each classroom. In addition, water coolers are accessible to ensure that students stay hydrated. After each summer, winter and spring break, the maintenance team will check each room to ensure that the units are working and check the water coolers for cleanliness and damage.

### **Students may be dismissed:**

- At 12.30 pm on days when the forecast maximum is 48°C or higher, or up to one hour before normal dismissal time when the estimated maximum temperature is to be at least 46°C.

The early dismissal of students, in accordance with the school's hot weather policy, will be subject to parents having given the school written permission, renewable annually, for their children to be dismissed early. Students who do not have written permission from their parents will be adequately supervised at the school.

### 13. Volunteering

Family involvement in schools increases growth in students. BIS appreciates and encourages families to get involved in many ways. If you would like to know more about how you can volunteer, please contact your child/ren’s homeroom teacher(s) or the school coordinator.

### 14. Drop-off and Pick-up
