2nd Session for After-School Clubs

After school clubs provide a safe and secure play environment that offer children rich and stimulating experiences alongside opportunities to explore and experiment. The clubs provide children with a range of equipment and resources appropriate to their age and interests. This week the children have had lots of fun in after school clubs playing with our new games like "kids in the kitchen". This club is designed for students in grades 3 to 8, the students made tasty treats without forgetting the importance of safety when dealing with food, utensils and appliances.
